SUMMARY

Motivated and detail-oriented undergraduate student studying Cognitive Science at UC San Diego. Passionate about user-centered design, front-end development, and creative problem-solving. Strong communicator with hands-on experience designing responsive websites and mobile prototypes.

EDUCATION

University of California, San Diego
B.S. in Cognitive Science – Design & Interaction | Expected June 2026
Relevant Coursework: COGS 3, COGS 187A, PSYC 60, CSE 11

TECHNICAL SKILLS

Languages/Frameworks: HTML, CSS, JavaScript (basic), Bootstrap

Design: Figma, Adobe XD, Canva, Photoshop

Development Tools: GitHub, VS Code, Chrome DevTools

PROJECT EXPERIENCE

Responsive Portfolio Website
COGS 3 Final Project – Summer 2025
- Designed and deployed a personal portfolio using HTML, CSS, and Bootstrap
- Integrated resume download link, mobile responsiveness, and GitHub Pages hosting
- Practiced clean layout, spacing, and accessibility principles

Study Buddy App (Team Design Challenge)
COGS 187A
- Created a Figma prototype of a productivity app for students
- Conducted 5 user interviews and synthesized findings into design requirements
- Delivered interactive prototype with task timer and visual study dashboard

UI Redesign Audit – Weather App
Independent Project
- Analyzed poor UX elements in an existing weather mobile app
- Redesigned layout with improved hierarchy, contrast, and iconography
- Presented before-and-after mockups with usability justification

AWARDS & LEADERSHIP

• UCSD Designathon Participant (2025)

• Peer Mentor, UCSD First Year Experience Program (2024-2025)

• Member, ACM Design at UCSD

CERTIFICATIONS

• Google UX Design Certificate (In Progress)

• Responsive Web Design Certification – freeCodeCamp

VOLUNTEER & COMMUNITY INVOLVEMENT

• Community Event Assistant – Collaborated with team members to organize outreach events and distribute digital materials.

• Student Media Contributor – Participated in design and layout projects to support school communication initiatives.
